 MSTART provide high quality, time bound, cost effective outsourcing IT services through our offshore facilities in Jordan with front office support in Canada. Changing and challenging IT business environment and technological and legislative changes act as a catalyst to this trend. Now you have a good reason for embracing MSTART IT outsourcing services in Joordan because we have reliable resources at your service.   IT outsourcing can deliver significant cost savings and improve an organization's ability to compete in its market place.

We help clients deal with changing business environment and technology issues. Our relationship with our clients is a partnership. We guide our clients through designing and implementing the right solution, transforming their complex processes and vast amounts of data into strategic information to make them smarter, faster and better decisions.

Our mission is to build and maintain better, strong & long-term client relationships through our IT outsourcing services. Over a decade we have successfully provided IT outsourcing services to a wide range of organisations irrespective of their size, status, service sector, or location. We believe in, and put into action the philosophy of ensuring customer satisfaction.

Outsourcing with MSTART provides the following advantages:

-   Enhance capabilities in key competitive areas
-   Partner with experts to increase innovation
-   Increase the ability to focus on core competencies
-   Move from fixed costs to variable costs
-   Reduce costs
-   Speed time to market

MSTART's outsourcing includes:

-   Application Outsourcing
-   Infrastructure Outsourcing
-   Business Process Outsourcing
